CJSXLH20 - Cobra Marine JumPack H2O

the Cobra JumPack XL H2O is the most versatile and powerful JumPack yet. Designed to jumpstart large V8 gasoline and diesel engines, the new JumPack H2O is compliant with the UL 2743 safety standard and will keep you going in all weather conditions.

With dual 5V/3A USB outputs, rapidly charge two portable devices simultaneously. The rugged and waterproof design makes this the perfect portable power device for any trip, on the road, off-road or on the water.

400 Amp Starting, 600 Amp Peak

Jump starts most gasoline and diesel engine passenger, and light duty vehicles.

Two Jump Start Options

Jump start direct from the battery or from the vehicle's 12V accessory port.

Waterproof and Shockproof

Waterproof to IPX4 specifications. Rugged rubberized design.

Dual 3 Amp USB Ports

Allows rapid charging of two portable devices simultaneously. Quickly charge your smartphone, tablets, and other 5V mobile devices.

Built-in LED Flashlight

Super-bright Flashlight, SOS and Strobe Light.

3-Color Jump Start Status LED

Automatically lets you know when it's safe to jump start your vehicle.

UL Registered 44.4Wh Lithium-Cobalt Battery

Holds a charge longer and is 90% smaller than traditional jump starters.
