ABOUT US

RDS Manufacturing continues to be family owned and the oldest aluminum fuel tank supplier in the United States. We were instrumental in getting aluminum approved for marine and fuel/water tanks by the U.S. Coast Guard.

- Dedicated OEM design team facilitates the efficient and timely delivery of your tanks.
- Shortest lead times in the industry.
- AWS Certified welders.
- Performs all required testing for CFR & ABYC, including free In-House Tip Studies.
- Parts are serviceable.
